

Superstition High School - Mesa Unified School District (School Year 2012 – 2013)

Superstition High School was awarded the S3 grant and selected the following goals and objectives as part of their action plan:

Goal 1 – *Improve conditions for learning in eligible schools by utilizing valid and reliable data*

Objective 2 – Intervention schools will experience [an improvement in their school safety score](#).

The climate index calculation was not appropriate for this type of alternative school. To improve the climate of the school, the following universal and targeted interventions were selected:

Positive Behavior and Interventions Supports (PBIS)

PBIS is a broad range of systematic and individualized data driven strategies for achieving important social and learning outcomes while preventing problem behavior with all students. PBIS applies a three-tiered system of support, and a problem-solving process to enhance the capacity of schools to effectively educate all students.

Project Success (PS)

PS is a research-based program designed to prevent and reduce substance use among students by participating in activities to identify and resist peer pressures, and to discuss prevalence and consequences of substance use.
